**Time:** Tuesday, 4th May 2010 from 13:50 (carried out in spite of rainy weather)

**Place:** Shanghai Expo Garden Sculpture Project space

**Sponsor:** China Red Cross, Japan Red Cross

Shichuan (China) big earthquake, Sumatra (Indonesia) tsunami, Hanshin Great Earthquake.

We want to spread the umbrellas of children's smile filled with hope, who toughly survive each disaster in the Opening Ceremony of Shanghai Expo Garden Sculpture Project.

Those smiles were taken at the real disaster area with the cooperation of Red Cross of each country.

Those smiles give us a message of gratitude toward Recovery Support, telling us, "We are fine now. Thank you!"

Those smiles also show us the strength of people who toughly survive after great loss from disaster.

We want to send those messages to the world.
